

Chapter Fifteen:

1. Vocabulary: Injured Words

Choose five words. Use each in a sentence about illness or injury involving yourself or someone you know:

screaming flushed consciousness swooned unconscious
physician dizzy nausea broken strength.

2. The Ah-ha Moment

When actions or words not understood suddenly become clear the main character will experience the feeling of finally being able to put the puzzle together.

Locate and record three of Zahra's past actions that now make sense to Angeline.

3 .A Questionable Future

Angeline has many questions after Zahra tells her she is to be the Emir's concubine. Find and record two. What would you want to know, if you were in her place?

4. Palace Bullies: Action and Reaction

Rewrite the scene between Angeline and Anka, Heba, Nabeela, Raful beginning at "Very grand..." and ending at "...lost consciousness."

Instead of having Angeline slap Heba, have her react in a totally different way that will change what follows.
